

Bay, and Coffman Cove. The Authority has built and put into service a day ferry from Hollis, a neighboring community to Craig, and my home town of Ketchikan. This ferry replaces the State ferry, which has been forced to cut back its service. The InterIsland Ferry service will increase to twice a day during the summer and will provide a terrific boost to the local economy of Craig and the island.

Passage of this legislation is critical to the future of the City of Craig. It will increase recreational opportunities for the local and visiting public. I urge my colleagues to join me in moving forward on this legislation. All the conveyances will be subject to appraisals as required by this Act. The Federal Government will receive equal value in land from the City for any funding which it provides under this Act. The passage of this Act is good for the public and for the residents of Craig. I yield the floor.

By Mr. AKAKA:

S. 3005. A bill to revise the boundary of the Kaloko-Honokōhau National Historical Park in the State of Hawaii, and for other purposes; to the Committee on Energy and Natural Resources.

Mr. AKAKA. Mr. President, I rise today to introduce the Kaloko-Honokohau National Historical Park Addition Act of 2002. This bill provides for the adjustment of Park boundaries to permit the development of permanent Park operational facilities for administrative purposes and to provide the public with a visitor's center and interpretative facilities.

Kaloko-Honokōhau National Historical Park is located along the Kona coast on the island of Hawaii. It was designated as a National Historic Landmark in 1962 and was established as a National Historical Park in 1978. The Park was created to preserve, interpret, and perpetuate traditional Native Hawaiian culture. The ocean makes up over half of this 1160-acre Park, and the boundaries include the culturally significant Kaloko and 'Aimakapa fishponds and 'Ai'opio fish trap. There are also several heiau, or Hawaiian religious sites, found in the Park.

The Kaloko-Honokōhau National Historical Park is currently leasing office space outside the Park to carry out its necessary administrative, interpretive, resource management and maintenance functions. This office space is woefully inadequate. The amount of visitor parking available is limited to four spaces, and its location presents a challenge for visitor access.

The National Park Service has considered the possibility of constructing new operational facilities within the Park boundaries. However, such action would be inconsistent with current National Park Service management policies because of its adverse impacts on Park resources and values. Building within the boundary of Kaloko-

Honokōhau Park would intrude on the Park's historic setting and has the potential to harm the fishponds, which are considered to be some of the Park's most valuable resources.

Acquiring an additional two parcels of land adjacent to the Park makes sense. An existing two-story building will provide an easy and inexpensive retrofit for use as Park headquarters. The building has never been occupied, and contains offices, lab and storage areas, as well as a reception lobby that would be ideal to host visitor orientation and interpretive programs. The building has the capacity for artifact storage that meets curatorial standards for historical and archaeological items. More than 90 percent of the two acres remains undeveloped, thereby providing enough space for visitor parking and future Park operations. It is important to note that no additional staffing would be required to support the proposed expansion.

Last year, 54,000 people visited Kaloko-Honokōhau National Historical Park. We need a facility there that offers administrative personnel the resources they need to carry out their management functions, and visitors the opportunity to learn about this important part of Hawaiian history. I look forward to working with my colleagues and the Park Service to make this possible.

I ask unanimous consent that the text of the bill be printed in the RECORD.

There being no objection, the bill was ordered to be printed in the RECORD, as follows:

#### S. 3005
